Dr. Wittock is unique among St. Louis podiatrists in that he has three years of surgical training, board certification in foot and reconstructive rearfoot/ankle surgery, and two post-graduate fellowships. He possesses what many patients search for when choosing a

physician and can offer innovative solutions for his patients.

With the opening of SSM St. Clare Health Center, Dr. Wittock saw the perfect opportunity to open his practice at a brand new facility in a growing area.

Dr. Richard Wittock, DPM, FACFAS
